So what exactly is a u3a group?

Put simply if you have some free time, u3a gives you an opportunity to develop your interests, share your skills with others, make new friends and most importantly, have some fun.

Lincoln u3a is one of over 1,000 u3a branches in the UK. Where, at very low cost, you can continue your creative learning, social or sporting interests together with others in a friendly and encouraging atmosphere.

Everyone at Lincoln u3a volunteers their time to contribute and share as well as learning from others. You can take part in as many activities as you wish & joining is made so much easier when you are surrounded by others who share similar interests to you.

Lincoln u3a gives you a chance to catch up with others, chat and learn.

For those with time to spare, we welcome you - whoever you are, and whatever your personal circumstances.

What does it cost?

A very modest annual membership fee plus hall and/or equipment hire costs, for the various interest group activities.

Current prices membership and for all the various groups can be found on the website. Monthly meetings at the memorial hall currently cost just £2 to cover refreshments and speaker costs.
